OBJECTIVE

To work in a professional work is driven firm where I can enhance and practically utilize my knowledge, skills for organizational and personal development.

PROJECTS & INTERNSHIPS

Robo-Waiter

Kakinada Institute of
Engineering and Technology
Jan, 2018 - Apr, 2018

Our team of four working on robo-waiter using ultrasonic sensors. It works mainly on basis of line follower module. Coming to my role in the project I have helped in the designing part and hardware implementation.

Solar Tracker(mini-project)

Kakinada Institute of
Engineering and Technology
Dec, 2016 - Dec, 2016

Arduino Solar Tracker is our mini project which is a device that orients solar panel towards light using light detecting resistors. Coming to my role, I had done the programming part related to the hardware connections for the components. Telecom Technologies.

SKILLS

Java
Control Systems
STLD

EDUCATION

Sep, 2014 - Apr, 2018

Kakinada Institute of Engineering and Technology
B.Tech-ECE
Aggregate: 71.26%

Jun, 2012 - Jun, 2014

Sri Chaitanya Junior Collage
Intermediate
Aggregate: 93.3%

May, 2011 - May, 2012

Sri Chaitanya Techno Schools
10th SSC
CGPA: 8.8

ACHIEVEMENTS

Achieved "Proud KIETIAN" badge for driving my section as best section in "ABHIYAAN-2K14"

Attended as a delegate for Bio-Andhra international summit held at JNTUK

Successfully managed our branch fest "AIKYATH-2K17" with 200 members.

Acted in a couple of shortfilms, best of them being "It's my love story" over 3k views on youtube.
